

VARSHA G S

INFORMATION SCIENCE AND ENGINEERING

I'm Varsha, and I am currently pursuing my Bachelor of Engineering at JSS academy of technical education Bengaluru in my 3rd year. I am deeply interested in web development and artificial intelligence, and I am passionate about building innovative solutions, exploring new technologies. I am a fast learner and easily adapt to different work environments. I have strong leadership skills, along with good teamwork and collaboration abilities.

EDUCATION

**JSS Academy of technical
education Bengaluru**
CGPA : 8.7

Bachelor of Engineering
2022 - 2025

**Govt independent pu
college**

Percentage: 93%
Pre university college(PUC)
2020 - 2022

SSLC

Sports high school kudige, kodagu
Percentage : 86%
2019 -2020

LANGUAGE

Kannada

English

SKILLS

TECHNICAL SKILLS

Python

HTML

CSS

JavaScript

Data structures and algorithms

MYSQL

SOFT SKILLS:

Team collaboration, Leadership, Adaptability, Fast learner,
Problem solving

PROJECTS

HATE SPEECH DETECTION:

Developed a hate speech detection system using machine learning. Preprocessed social media text data and converted it using TF-IDF. Trained models like Logistic Regression and SVM for text classification. Handled data imbalance and tuned models for better performance. Achieved good accuracy using Python, scikit-learn, and NLTK. Worked in Jupyter Notebook for coding and testing the project.

CETRIFICATION:

Data Structures

Artificial Intelligence fundamentals IBM

Networking Basics Cisco
