Professional Summary

A passionate and detail-oriented Computer Science student with a strong foundation in programming and web development. Eager to apply problem-solving skills and technical knowledge to real-world projects. Looking for opportunities to grow in a challenging environment while contributing to innovative software solutions.

Technical Skills

- **Programming Languages:** C, Java, Python
- **Web Technologies:** HTML5, CSS3, JavaScript
- **Database Management:** MySQL, MongoDB
- **Tools & Platforms:** Git, VS Code
- **Concepts:** Algorithms, Data Structures, Object-Oriented programming, Artificial intelligence

Education

Bachelor of Engineering in Computer Science Engineering **2023 – 2026(expected)**
JSS Academy of Technical Education, CGPA:7.26/10.0 (till 5thsem)

Diploma in Mechanical Engineering **2029-2023**
Diploma – GTTC (Government Tool Room and Training center), percentage: 78%

School **passed-2018**
RMSA High School, Badami , district Bagalkot, 10th percentage:86.08 %

Projects

Student analysis tracking system

- *Technologies Used: Python, HTML5, CSS3, MongoDB*
- Developed a web application to track and analyze student academic progress
- implemented role-based access control for teachers, students, and administrators
- Collaborated with team members to deliver new features and improvements

Internship Experience

Worked as trainee in L and T automation **09/2022 - 07/2023**

Completed a 1-year internship at L&T Electrical & Automation in the Tool Room Division, gaining hands-on experience in tool and die making and quality inspection processes. Recognized for discipline and sincere contribution.

Certifications

- Generative AI Studio from Simplilearn
- Introduction to Artificial Intelligence from Infosys Springboard
