Fast learner

❤ INTERESTS

Site engineer

Research in Civil Engineering

Modern Construction Techniques

Innovative Building Materials Material

Testing and Analysis

🧩 ACTIVITIES

1.Top Working for NSS Camp in JSSATEB College. 2.Participated in many awareness programs . 3.Survey camp 4.Participated in seminar related to civil engineering

📖 LANGUAGES

Kannada English Hindi Tamil Telugu

🎯 OBJECTIVE

Motivated and detail-oriented civil engineering student with a strong interest in site engineering, surveying, and software applications in building construction. Eager to contribute to real-world projects, enhance practical skills, and grow within a dynamic construction or infrastructure-focused organization.

🎓 EDUCATION

10th	2019 -2020
SVET institution school	
88.88%	
2puc	2020-2022
Swami Vivekanand college of university puttur	
81.36%	
Civil engineering 6th semester	2022 -2026
JSSATE BANGALORE	
CGPA :7.74	

🏗 PROJECTS

ECC CEMENT

Mini Project: Study and Analysis of Engineered Cementitious Composites (ECC)
6th Semester, Civil Engineering

Conducted a mini project focusing on the properties, mix design, and behavior of ECC.

Studied the mechanical properties like tensile strength, ductility, and crack resistance of ECC compared to conventional concrete.

Prepared and tested specimens in the lab to analyze performance and micro-cracking behavior.

Gained hands-on experience with advanced cementitious materials and mix proportioning.
