

RESUME

Name: LIKITHA T

Phone no:6361147415

Email ID :likithat05@gmail.com

ABOUT ME

Motivated and enthusiastic still under graduate in Bachelor's degree in the field of Electronics and Instrumentation Engineering. Seeking an entry-level position in industry to leverage academic knowledge and contribute to a dynamic team, strong communication and problem-solving skills. Hardworking and passionate job seeker with strong organizational skill eager to secure entry-level position. ready to help team achieve goal.

EDUCATION

Sri Adhichuchanagiri English Primary & High School Bengaluru	Karnataka secondary education examination board	Year of passing JUNE/JULY-2020
East West Polytechnic	Department of technical education Bengaluru	Year of passing APRIL/MAY-2023
JSS ATEB Academy of technical education	Visvesvaraya Technology university	Still on going

PROJECTS

ARDUINO BASED DESTINATION FINDER ROBOT

BENGALURU

EAST WEST POLYTECHNIC

The Arduino-based destination finder robot is a smart robotics vehicle programmed to move from one location to another using various navigation methods such as Bluetooth, ultrasonic sensor, or IR-based path detection. The robot can be given a specific destination or location code, and it uses sensor data and programming logic to find the shortest or most appropriate path to reach it.

SIGN LANGUAGE TO TEXT CONERSATION

BENGALURU

JSSATEB

Develop an intelligent system that translate sign language gesture into text output using python language

GESTURE TO SPEECH AND SPEECH TO GESTURE

JSSATEB

Gesture-to-speech is technology that converts physical hand movements gesture into spoken words or audio output.it is especially useful for helping people with speech impairments like those who are deaf or mute to communicate with others who do not understand sign language.

Speech –to-gesture is the reverse process this system converts spoken words into corresponding gesture, usually displayed by a robot or a digital.it can help bridge communication with people who rely on sign language.

INTERSHIP

SLV ELECTRONICS

BENGALURU

NOVEMBER 2021-JANUARY 2022

WORED ON : PCB design and manufacture and soldering the SMD components to the board

SKILLS

- Skilled in CAD software
- PCB design and Fabrication
- Network administration
- Project management
- Proficient in MATLAB
