SUMMARY

A motivated and precise 3rd-year Mechanical Engineering student seeking an internship or project-based opportunity to apply engineering concepts, problem-solving skills, and hands-on experience in a dynamic work environment.

TECHNICAL SKILLS

CAD Software: AutoCAD

Automotive Field: Vehicle Dynamics, Aero Dynamics and Powertrain Systems(Basics)

Programming: MATLAB, Python(Basics)

Others: MS Office

PROJECTS

DESIGN AND DEVELOPMENT OF MOBILE FURNACE(MINI PROJECT)

- Designed a compact and efficient mobile furnace for household applications.
- Focused on reducing plastic wastes in household.

SAE INDIA Championship – Team Tachyon (Ongoing Project)

- Collaborating with a team to design and fabricate a high performance vehicle for SAE INDIA CHAMPIONSHIP 2025
- Engaged in Transmission System and focusing on optimizing power transmission.

EDUCATION

JSSATE -BANGALORE

B.E in Mechanical Engineering (Graduation - 2026)

SOFT SKILLS

- Team Management
- Adaptability
- Communication Skills

ADDITIONAL INFORMATION

- **Languages:** English, Kannada
- **Activities:** Kabaddi player, participated in multiple college and regional matches.
