Professional Summary

Computer Science and Engineering student with hands-on experience from a paid internship at Edgemap Softwares, Bangalore. Proficient in programming languages including Java, Python, C, and tools like AutoCAD, Git, and SQL. Demonstrated ability to collaborate with development teams, assist in design processes, and contribute to project documentation. Quick learner with strong communication skills, fluent in English, Kannada, Hindi, and Telugu.

Technical Skills

- **Programming Languages:** C, Java, Python
- **Web Technologies:** HTML5, CSS3, JavaScript, React.js
- **Database Management:** MySQL, MongoDB
- **Tools & Platforms:** Git, VS Code, AWS
- **Concepts:** Data Structures, Algorithms, Object-Oriented programming, Artificial intelligence

Education

Bachelor of Engineering in Computer Science Engineering JSS Academy of Technical Education	2023 – 2026(expected)
Diploma in Computer Science Engineering MEI Polytechnic , Bengaluru	2020-2023
School (10th) S Cadambi Vidya Kendra, Bengaluru	passed-2020

Projects

Travel Memories – A Social Travel Blogging Platform

- *Technologies Used:* React, Node.js, Express.js, MongoDB, HTML/CSS, JavaScript, VS Code.
- Developed a full-stack web platform that blends social media and travel blogging, allowing users to document, share, and explore travel experiences.
- Implemented interactive features such as memory uploads, location tagging, and content discovery to enhance user engagement and community building.
- Delivered a scalable, responsive application with intuitive UI and dynamic content handling, supporting rich user-generated travel content.

codes-sync real time code editor

- A real-time collaborative code editor featuring unique room generation, syntax highlighting, and auto-suggestions. Users can seamlessly edit, save, and download files while communicating through group chat

Internship Experience

Intern (Paid Internship with Stipend) <i>Edgemap softwares , Bengaluru</i>	02/2023 - 05/2023
--	--------------------------

- Collaborated with the design and development team on ongoing software and infrastructure projects.
- Participated in team meetings and contributed to minor design and process-related tasks

Certifications

- Introduction to Artificial Intelligence from Infosys Springboard
- Introduction to cyber security from Infosys Springboard
- Generative AI studio from Simplilearn
- MongoDB for SQL Experts from MongoDB University
