EDUCATION

Schooling

Chinmaya English Primary School, Hubli
2010 - 2020

College

Global Independent PU College, Hubli
2020 - 2022

Degree

JSS Academy of Technical Education, Bangalore
2022 - 2026

SKILLS

- Problem solving
- Creativity
- Teamwork
- Time Management
- Leadership
- Communication skills
- Critical Thinking

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Kannada (Fluent)

PROFILE

I'm a third-year Information Science and Engineering student at JSS Academy of Technical Education with a solid foundation in C, C++, Java, Python, HTML, CSS, and Unity. I have hands-on experience with the MERN stack, blockchain fundamentals, UI/UX design and basic AI concepts. Passionate about AI, software, frontend design and game development, I actively seek opportunities to grow through real-world projects. I'm eager to apply my skills in internship or entry-level roles and contribute to innovative tech solutions.

COURSES & CERTIFICATIONS

Learn Cloud Computing with AWS

DevTown - June 2023

- Gained foundational knowledge of cloud computing, AWS architecture, and core deployment models.

Strategy Formulation and Data Visualization

Indian Institute of Technology (IIT) Madras - July 2023

- Participated in a short-term course focused on strategic thinking and data visualization techniques.

Data Structures and Algorithms

Infosys Springboard - Aug 2024

- Completed a foundational course in Data Structures and Algorithms, developing a strong understanding of key concepts, problem-solving techniques, and efficient coding practices.

Hands-on Tutorial on Cisco Packet Tracer

JSS Academy of Technical Education - Dec 2024

- Attended a practical workshop on simulating network configurations using Cisco Packet Tracer.

Artificial Intelligence and Machine Learning Training Course

Infosys Springboard - Dec 2024

- Completed a comprehensive training course in AI and ML, gaining knowledge of key concepts, algorithms, and applications.

NETWORKING BASICS

Cisco Networking Academy - Dec 2024

- Completed foundational training in computer networking concepts, protocols, and infrastructure through Cisco's official platform.

AWS Cloud Job Simulation

Forage (in collaboration with AWS) - Jan 2025

- Completed a real-world cloud simulation involving AWS resource management, S3 usage, and cloud cost analysis.

HOBBIES

- Travelling
- Gaming
- Cooking
- UI designing
- Gardening
- Cycling

Python Using AI Workshop

AI FOR TECHIES - Feb 2025

- Completed a 3-hour workshop on Python and AI, gaining hands-on experience in interactive visualizations, AI-powered debugging, and AI-assisted code generation in Python.

Figma Bootcamp

LetsUpgrade - Mar 2025

- Completed an intensive bootcamp focused on UI/UX design using Figma, gaining hands-on experience .

OTHER CERTIFICATIONS

CODEATHON - Phase Shift 2023

B.M.S. College of Engineering

- Awarded for active participation in CODEATHON, part of Phase Shift 2023—an International Level Annual Technical Symposium

Poster-Making Competition - International Yoga Day 2024

JSS Academy Of Technical Education, Bengaluru

- Participated in a poster-making competition celebrating International Yoga Day 2024, organized by the NSS and Youth Red Cross Units.

INTERNSHIP

Data Analytics Using AI-LLMs Internship

AICTE & VOIS for Tech Program - 2024

- Completed a virtual internship focused on Data Analytics using AI-LLMs, implemented by Connecting Dreams Foundation. Gained practical experience in AI-driven data analysis and insights.
