## Education

**Bright Way PU College, Bengaluru - PUC**

June 2022

**JSS Academy of Technical Education, Bengaluru -B. E**

June 2026

## Skills

- Python
- C
- HTML
- MS Excel
- Autodesk Fusion 360
- 3D experience Catia
- Computer Aided engineering drawing
- CNC Programming

## Projects

- **Fabrication of Botanical Irrigation Maintenance System (BIMS)**  
We designed a project to create a more convenient irrigation method especially for small scale nurseries and nurseries where the water supply is limited.
- **Hydraulic Anti flood System**  
A hydraulic anti-flood system is a water management solution designed to prevent or reduce flooding by using hydraulic mechanisms. These systems automatically activate during rising water levels to redirect or contain excess water, protecting infrastructure and communities.
- **Tachyon Motorsports (In Progress)**  
Fabricating An F1 Based car.

## Certificate

- Certificate of Completion of Solutions Architecture Job Simulation from AWS.
- Certificate of National Science Fair-2023 held at JSSATE, Bengaluru.

## Language

English | Kannada | Hindi

## Activities

- Part of Tachyon Club
- Interested in physical activities
