CAREER OBJECTIVE

An aspiring Machine Learning Engineer

WORK EXPERIENCE

Web Development • Internship Zidio Development, Virtual	Mar 2025 - Present
Intern • Internship CodSoft, Virtual	Dec 2022 - Jan 2024

EDUCATION

Bachelor of Engineering (B.E), JSS Academy of Technical Education, Bangalore CGPA: 8.00/10	2022 - 2026
Senior Secondary (XII), CBSE Science Narayana Junior College Percentage: 87.00%	2022
Secondary (X), CBSE Kendriya Vidyalaya No 1 Tirupati Percentage: 91.00%	2020

TRAININGS / CERTIFICATIONS

Deep Learning Course Apr 2025 - Present Scalar, Virtual	Unsupervised Machine Learning Apr 2025 - Present Scalar, Virtual
Data Analytics Job Simulation Apr 2025 Deloitte, Virtual	Database Management System May 2024 Linkedin, Virtual
HTML5 Apr 2024 Great Learning, Virtual	Introduction To Microsoft Excel Dec 2023 Coursera, Virtual
Python Course For Beginners Nov 2023 - Dec 2023 Infosys Springboard, Virtual	

PROJECTS

Virtual AI assistant

Apr 2025

This project implements a voice-activated AI assistant using Python libraries such as SpeechRecognition, pyttsx3, and pywhatkit. It listens for user commands, processes them to perform tasks like playing music, telling the time and date, and providing information from Wikipedia. The assistant responds verbally, enhancing user interaction through speech synthesis. Overall, it serves as a simple yet effective demonstration of voice recognition and natural language processing capabilities.

SKILLS

- Python
- SQL
- Supervised Learning
- Tableau

- HTML
- Java
- Unsupervised Learning
- MS-Excel

- C Programming
- Database Management System (DBMS)
- Power BI
- LaTeX

Loan sanction detection using ML

Nov 2024 - Dec 2024
