Technical Support Admin Intern

Bengaluru, Karnataka Jun 2021 - Aug 2021

CERTIFICATIONS

• Generative Ai Landscape - Infosys Springboard (Dec 2024)

Generative AI is a branch of artificial intelligence that focuses on creating new content rather than simply analyzing or acting on existing data. Unlike traditional AI, which classifies, predicts, or detects patterns, Generative AI produces original outputs such as text, images, music, code, or even videos.

• Prompt Engineering - SpringBoard (April 2025)

Completed Springboard's Prompt Engineering course, gaining hands-on experience in designing effective prompts to optimize outputs from large language models (LLMs) like GPT.

SKILLS

• Programming: C, Python, Java • Back-End Development: SQL

• Front-End Development: HTML, CSS • Core Skills: Machine Learning, Artificial Intelligence

PROJECTS

• Sports and Performance Tracking Platform

Designed and developed a centralized Sports Management and Performance Tracking Platform tailored for engineering colleges.
