ABOUT ME

Aspiring data scientist and AI-ML enthusiast with a strong inclination towards logic-based problem-solving and mathematical programming. Currently exploring cryptography and quantum security while building hands-on projects in deep learning and space data analysis. Keen to contribute to innovative tech-driven environments that challenge analytical and creative skills.

EDUCATION

JSS Academy of Technical Education (VTU), Bengaluru, Karnataka
B Tech in Information Science and Engineering (CSE Stream)
Year of Study: 2022– Present
CGPA: 8.7 (till date)

SKILL

- C/C++
- Data Science & ML
- Microsoft Office Suite (Excel, Word, PowerPoint)
- Python(advanced)
- JAVA - DSA
- HTML,CSS and Bootstrap
- Cryptography
- Javascript
- React
- UI/UX Design
- Adobe Photoshop
- Latex

PROJECTS

- Satellite Image Recognition Model
- AI-Enhanced E-commerce Website
- Space Agency Database
- Deep Space Analysis

CERTIFICATIONS

- Infosys-Artificial Intelligence and Machine Learning Training Course
- Cisco - Hands on Cisco packet Tracker
- Foundation of Cybersecurity from Google Coursera (March 2024)

EXTRACURRICULAR ACTIVITIES

- Contributed in Open source Game development by
- Organizing and coordinated technical and non-technical events for ISE branch fest(Samyog)
- Graphic Designing posters and UI for uplifting the Pinterest pages

PERSONAL DETAILS

Date of birth : 30/10/2004
