- English
- Kannada
- Hindi

PROFILE

I'm a third-year ISE student at JSS Academy of Technical Education, passionate about web development. I've been honing my skills to build engaging and dynamic websites. On the coding front, I've explored Data Structures and Algorithms, which has fueled my interest in Competitive Programming. I'm continuously improving my problem-solving approach to tackle new challenges.

PROJECTS

CarbonWise

Website that helps you to calculate your footprint, suggests ways to reduce emissions, and helps you purchase carbon credits for a greener future

SKINCURE

Website for skin diseases recognition and a customised chatbot for the friendly conversation and emotional support

PAWSIE

Website focuses on rescuing stray and abandoned dogs, offering rehabilitation services, and facilitating their adoption into loving homes.
