I'm a third-year engineering student passionate about data analytics skilled in tools like Python, SQL, and Excel with a strong analytical mind-set, Eager to apply my knowledge in real-world projects and gain hands-on experience.

EDUCATION

JSS Academy Of Technical Education, Bengaluru   **CGPA- 8.0**

Bachelor Of Engineering (Information Science).   *2022 - 2026*

TECHNICAL SKILLS

- **Data Analysis Tools & Languages**: C, Java (Basics), Python, Excel
- **Data Visualization & Reporting:** Tableau, Power BI, Matplotlib, Seaborn
- **Statistical Analysis & Techniques:** Regression Analysis, Predictive Modelling
- **Database Management & Cloud:** MySQL

PROJECTS

Resume Parser and Job Recommendation System using Machine Learning

- Our project integrates a Python model with a Flask web app to parse resumes and recommend jobs based on extracted skills.
- Users upload their resume, which is parsed to display key information and matched with relevant job recommendations.
- In the future, the system can be enhanced to support more resume formats, including images and scanned documents.

CERTIFICATIONS

- **By Infosys Springboard:** Successfully completed Data Structures and Algorithms using Java on the platform of Infosys Springboard.
- **Oracle SQL Certification**

PERSONAL SKILLS

- Strong analytical and problem-solving abilities.
- Excellent attention to detail.
- Good communication and teamwork skills.
- Ability to work under tight deadlines

HOBBIES & INTERESTS

- Dance
- Video Editing
- Travelling
