ABOUT ME

I'm Vedavathi S, a computer-science engineer having high interest on Artificial Intelligence and Full Stack Development. I thrive in collaborative environments and am eager to keep learning and exploring new technologies.

EDUCATION

Aug 2022 - Present
JSSATEB

BE in Information Science
I am currently pursuing a Bachelor of Engineering in Information Science and Engineering at (JSSATEB), a reputed institution affiliated with Visvesvaraya Technological University (VTU). The program has provided me hands-on experience through labs, projects, and industry-relevant coursework

Jul 2020 - Apr 2022
BMSPUCW

Pre University
I completed my PU with PCMB as my subject combination and secured a top 3 rank in my 12th grade at BMSPU.

Jun 2010 - Mar 2020
Green Wood High School

Schooling
I was a student coordinator and sports vice captain during my high school .

PROJECTS

Oct 2024 - Dec 2024

Face Authenticated Voice Assistant
This project merges facial recognition with voice-activated AI to replace vulnerable password log-ins, letting only authorized users interact with the assistant.

Jan 2025-Feb 2025

Resume Screening
The app leverages the capabilities of Artificial Intelligence and Natural Language Processing to automate the resume screening and applicant evaluation process. By utilizing machine learning techniques, the app efficiently matches job requirements with applicant skills, streamlining the hiring process for recruiters and HR professionals.

SKILLS

- **Programming skills:** Java, C, HTML, CSS, Javascript.
- **Technologies\Frameworks:** MySQL, git & github.
