PROFESSIONAL SUMMARY

Detail-oriented engineering student with a passion for electronics and programming. Skilled in Python, AutoCAD, MATLAB, SolidWorks, and Visual Studio Code. Strong foundation in data structures and encryption techniques.

TECHNICAL SKILLS

Python, Data Structures, AutoCAD, MATLAB, SolidWorks, Visual Studio Code, Git/GitHub, Linux, Windows

EDUCATION

Bachelor of Engineering in Electronics and Communications

JSS Academy for Technical Education, Bangalore, Karnataka

Graduation: Expected 2026

PROJECT EXPERIENCE

Homomorphic Encryption using Python IDLE

- Implemented encryption logic using Python IDLE.

- Studied secure data transfer principles.

ACHIEVEMENTS

Runners-up at BMSCE Hackathon for 'Build the Circuitry'

LANGUAGES KNOWN

English, Kannada, Gujarati, Hindi, Sanskrit
